

BROWN SUMMER HIGH SCHOOL 2020

July 13-24 10am-1pm ONLINE

Do you like to learn? Are you looking for a productive and fun way to spend your summer? Are you eager to engage in conversations with passionate people about subjects that matter in your life and community? If so, Brown Summer High School is the place for you.

Brown Summer High School (BSHS) is a daytime enrichment program for high school students. We challenge our students to explore big questions while developing the essential college preparation skills of reading, writing, speaking, and critical thinking.

We offer classes in English, Social Studies, Math, and Science. Each course provides an exciting learning environment where students participate in discussions, work in small groups, improve their writing and communication skills. BSHS students receive individual attention from a faculty of more than 20 instructors. Course descriptions are available on our website and course selections cannot be guaranteed.

Regardless of your plans beyond high school, as a BSHS student, you will develop skills and insights valuable to all of your future endeavors. We hope you join us!
